## - Examples of activities

# Association „Tratwa” Olsztyn

**Established in 1993 year.**

From the beginning of its activity „Tratwa” work was based on the activity of local groups. The history of last years of „Tratwa” activities, is a consistent evolution from typical forms of youth culture – concerts, festivals, graffiti, ecology, etc., to developed programs of cultural and social education.

Association aims its activities to:

- Members of the spontaneous youth cultures
- Ethnic minorities
- Communities at risk of social exclusion.

# Association „Tratwa” Olsztyn

**Mission of the Association** is to create space where specific „cultural minorities” pushed to the margin on modernity could meet. On the one hand these people are members of disappearing Polish traditional culture (as singers from Kurpie, kajoccy fiddlers from Opoczno region) or immigrants from Ukrainian villages in Warmia, on the other hand they are young „natives of modernity” – makers or animators of spontaneous youth cultures. The aim of primal programs realised by the Association in the last years was to create a group of animators of exchange to use cultural and ethnic differences as element dynamisation and development of local communities.

Idea of setting-up of Civil Television came up in **2006**. Its initiator and executer was Elbląskie Stowarzyszenie Wspierania Inicjatyw Pozarządowych. Leading program of Television is a series of interviews **9/3, that is „nine minutes for the third sector”**, which presents profiles of activists, initiatives of NGO's and activities of local communities. In Civil Television films, thematic programmes, spots and promotional campaigns are made.

# EMIT – initiative of youth within Civil Television

# STOWARZYSZENIE ELBLĄG EUROPA

*The mission of the Association is to realize and promote any actions for the benefit of the inhabitants from **Elbląg and Elbląg region.***

**Association Elbląg Europa** was set-up in 2003 on initiative of leaders of youth organisations, social activists and enthusiasts of history of town and region of Elbląg.

We aim our actions first of all to youth (school and university) and all active people, for whom Elbląg town is important place of work, learning and life. Association has **31 members** and cooperates with 10 volunteers on a daily basis.

Main areas of activity of Association are:

**Youth initiatives**, youth exchange, volunteering and journalism, activation and support for formal and informal youth groups, youth media;

Content and logistic **support** for **non-governmental organisations**, civil education, development of organisations' capacities;

**Culture and history of the Elbląg town and region**, history of X and XIV century, renovation of Truso settlement.

- Who builds up EMIT? Initially it was more than 10 people. But during first few months materials were made by fewer people. Journalist were mainly women, mainly secondary school students - Kamila Bubrowiecka, Joanna Lewandowska, Natalia Siuda and Jola Prokopowicz. Behind cameras and at film cutting bench sat down men, students of information science – Kuba Strumiński, Bartek Rybaczewski, Jacek Perzanowski, Tomasz Czajkowski and Jakub Klawon. But time again influenced the number of people in a team. Today a core of the EMIT team are: Jola Prokopowicz, Bartek Rybaczewski and Kuba Strumiński (from the beginning informal head of team). The role of speakers play very well: Anna Łebek, Aneta Puzdrowska, Darek Ignatowicz with Anna Kulasiewicz and Krzysztof Jaworski with Joanna Żondłowska. All of them have common denominator – development of own passions, through unconventional productions, contact with remarkable people and promotion of non-standard initiatives.

## STOWARZYSZENIE ELBLĄG EUROPA

**Elbląg Rocks Europa – Festival of Alternative Music in Elbląg** (since 2008) cyclical review of young music bands, which till now had no possibility to perform at professional reviews and contests. Review is organised with financial assistance from the Department of Culture of Municipal Office in Elbląg.

*Mission of the Association is to implement and support all actions for the benefit of inhabitants of Elbląg town and region.*

# STOWARZYSZENIE ELBLĄG EUROPA

Since 2007 we have been a regional coordinator of a program **PROJEKTOR – Student Volunteering**, where we work with a group of students and children and youth attending schools in towns to 20,000 inhabitants.

Only in 2008 we made 30 projects, with over 300 pupils participating.

In this field Association cooperates with Association of Animators Klanza, The State Higher School of Vocational Education in Elbląg, Elbląg Higher School of Arts and Economics and many youth organisations, e.g. Council of Students of SHSVE and PSA in Elbląg.

Another important group of partners are junior high schools, e.g. from Zwierzno, Jelonki, Lidzbark Warmiński, Gronowo Górne, Pasłęk, Łęcze.

*Mission of the Association is to implement and support all actions for the benefit of inhabitants of Elbląg town and region.*

# STOWARZYSZENIE ELBLĄG EUROPA

The idea to renovate the settlement inspired us to make a project „**Truso – replica of medieval dwelling on the Granary Island in Elbląg**”.

This undertaking aims to arrange a separate part of the Granary Island, which is situated by the river Elbląg, to build a mini-replica of Truso dwelling, which will be the year-round object with division for season (April-October) and off season with smaller number of tasks and functions. In this dwelling life would carry on in harmony with ancient rules.

*Mission of the Association is to implement and support all actions for the benefit of inhabitants of Elbląg town and region.*
